"Region", the geographic region of the northeast continental shelf: "CD", the calendar mid-date of all the stations within a region for a time period: "#obs", the number of observations included in each average: "Salt", the areal average Salinity: "Anomaly", the areal average salinity anomalies: "SDV1", the standard deviation associated with the average salinity anomaly:

"SDV2", the standard deviation of the individual anomalies from which the average anomaly was derived:

"Flag", a value of "1" indicates that a true areal average could not be calculated due to poor station coverage. The areal averages listed were derived from a simple average of the observations within the region.
